A World of Security Solutions

Group 4 Securicor – the difference

Ability to make things happen

- Mobilisation of 3 contract areas in England during April 2005
 - 3000 subjects
 - 300 staff
- Mobilisation of Federal contracts across all the states of USA
- Success of GPS tracking pilots in UK

Group 4 Securicor – our customers

Our Customers.....

- Benefit from outsourcing model
- Benefit from latest technology
- Want a competitive price
- Demand consistent excellent service
- Want innovation, continual investment and partnership

A World of Security Solutions

Group 4 Securicor – our experience

- Compliance is high – average 88%
“Fewer young people breached after being tagged”
- Compliance affected by positive behaviour of staff
- Electronic monitoring can reduce opportunities to offend
“tagging helped by giving young people an excuse to stay out of trouble”
- Can add value to other rehabilitation programmes

Group 4 Securicor - the future

By continually innovating and providing excellent service, electronic monitoring will positively contribute to a safer society both now and in the future
